## New Entry Access Completed at Olompali State Historic Park

(NOVATO, CA.)--The new entry access to Olompali State Historic Park (SHP) has been completed by the California Department of Transportation (CalTrans). As of July 21, 2014 all traffic to Olompali will need to enter from Atherton/Redwood Blvd. Directional signage from both northbound lanes and southbound lanes off Highway 101 are in place. Access to Olompali SHP is no longer available by exiting directly off Highway 101.

This project is part of the overall CalTrans highway construction improvements and the permanent new realignment to the entrance of Olompali SHP. At this time, we do not anticipate any traffic issues for visitors, and permanent directional signage to the park has been completed and is in place.

For more information, visit the [Olompali State Historic Park web page](#).
